# 1 Preface

1 This document is one of the governing documents for the Swedish Certification Body for IT Security (CSEC).

2 In this document, "the Scheme" refers to any or all of the Certification Schemes under which CSEC performs certifications and issues certificates.

3 This document is part of a series of documents that provide a description of aspects of the Scheme and procedures applied under it. This document is of value to all participants under the Scheme, i.e., to anyone concerned with the development, procurement, or accreditation of IT systems for which security is a consideration, as well as those already involved in the Scheme, i.e., Scheme employees, evaluators, current customers, contractors, and security consultants.

4 The Scheme documents and further information can be obtained from the Swedish Certification Body for IT Security. Complete contact information is provided in the following box.

## 1.1 Purpose

5 The purpose of this document is to define the charging models and services within the Scheme.

6 General information about the Scheme is published in External publications EP-001 *Certification and Evaluation - Overview*, and EP-301 *Certification and Evaluation – EUCC – Overview*.

## 1.2 Terminology

7 Abbreviations commonly used by CSEC are described in EP-001 *Certification and Evaluation - Overview*.

## 2 Model

### 2.1 Charging Models

8 The certification and licensing services provided by the Certification Body according  
to the Scheme are mostly provided at a fixed price rate. Some activities are charged on  
an hourly basis.

9 The rates are established in this document. The rates are listed in Chapter 3, Services.  
10 CSEC reserves the right to adjust the fees described. In such cases, justification will be  
provided prior to the signing of any agreement.

### 2.2 Expenses

11 Expenses are charged only when travel outside of Stockholm is required. Charging of  
expenses must be agreed to by the customer and will be conducted in accordance with  
The Swedish Defense Materiel Administration (FMV) travel regulations.

12 Expenses include actual costs and a per diem compensation. The per diem compensa-  
tion is in accordance with the level for non-taxed compensation allowed by the Swe-  
dish tax authority.

13 For travelling outside Sweden expenses are charged for actual costs, per diem com-  
pensation and, when applicable, for any extra costs that CSEC will have due to  
the travel.

14 CSEC reserves the right to assign one or more certifiers to a specific mission.

15 FMV travel regulations and a list of per diem compensations are available upon re-  
quest.

### 2.3 Value Added Tax

16 The Value Added Tax (VAT, Swedish: MOMS) will be added according to Swedish  
Law.

### 2.4 Payment

17 Invoices are submitted according to quotation and agreement. The payment period is  
30 days net.

18 No administrative costs are added.

19 Interest of overdue payment may be added in accordance with Swedish law.

20 Payment in other currencies than SEK can be accepted and shall be agreed upon be-  
fore invoicing.

## 3 Services

### 3.1 Licensing

21

The Certification Body will charge the fees listed in this section for activities related to licensing evaluation facilities. For further information about licensing activities, please see External publication EP-004 *Licensing of Evaluation Facilities*.

Activity	Fee
<b>Application fee</b> This fee refers to the costs of Certification Body assistance and activities during application process. The fee is not depending on whether an assessment is carried through or not.	20 000 SEK

### 3.2.3 Discount

For certifications with obvious synergies with previous or ongoing certifications a discount may be offered. The discount will be based on the amount of time that is expected to be saved due to the synergy.

An assessment will be made during the application review where the following factors may be taken into account:

- Target of Evaluation very similar to already certified Target of Evaluation, or Target of Evaluation under certification
- Security Target very similar to already certified Security Target, or Security Target under certification.
- Evaluation coordinated with another ongoing evaluation regarding similar Target of Evaluation.
- The customer has shown previous experience in producing documentation that makes the certification effort easier

The Evaluation Facility may facilitate the assessment by describing differences and similarities at the time of application for certification.

The Certification Body may request further information from the Evaluator on how the synergy will be achieved.

The decision and the argumentation will be documented in the application review.

### 3.3 Assurance Continuity

26

The Certification Body will charge the fees listed in this section for the Assurance Continuity services.

27

These fees do not include any costs that are agreed separately between the ITSEF and the Sponsor. For further information about assurance continuity, please see External publication EP-003 *Assurance Continuity*.
