

## Application for Certification by the Swedish Certification Body for IT Security

This is to apply for a Certification by The Swedish Certification Body for IT-security (FMV/CSEC) for the IT-product, or Protection Profile, specified under section 2 Target of Evaluation.

Certification is conducted according to the, at each time, valid version of the Swedish Common Criteria Evaluation and Certification Scheme ("The Scheme"). The current version of the Scheme is available at FMV/CSEC's website and can also be obtained directly from FMV/CSEC. A brief overview can be found in the Scheme Publication SP-001 *Certification and Evaluation Scheme - Scheme Overview* together with other relevant Scheme Publications.

The Swedish Certification Body for IT Security is organised within Försvarets materielverk, FMV, (*The Swedish Defence Materiel Administration*), a Government agency organised and existing under the laws of Sweden.

## Sponsor Commitments

By signing this application form the Sponsor agrees to pay the fees, as defined in the Scheme Publication SP-008 *Charges and fees*.

In certain cases the Sponsor may withdraw the application and thereby cancel further execution of the certification. In such cases the sponsor commits to pay the accrued costs for the work of FMV/CSEC.

The Sponsor commits to:

- a) fulfill the requirements for certification, including implementing appropriate changes when they are communicated by FMV/CSEC,
- b) make all necessary arrangements for the conduct of the evaluation and certification, including provision for examining documentation and records, and access to the relevant equipment, location(s), area(s) and personnel,
- c) in case the Sponsor is not the Developer:
  - ensure the Developer’s co-operation in the fulfillment of these requirements,
- d) make claims regarding certification consistent with the scope of certification,
- e) not to use its product certification in such a manner as to bring FMV/CSEC into disrepute and not to make any statement regarding its product certification which FMV/CSEC may consider misleading or unauthorized,
- f) comply with any requirements that may be prescribed in the product certification scheme that relate to the use of marks of conformity, and on information related to the product,
- g) inform FMV/CSEC, without delay, of changes that may affect its ability to conform with the certification requirements, and
- h) archive the evaluated product in its certified configurations and all developer evidence as outlined in the configuration list valid at the end of the certification procedure for a time frame of 5 years.

The Sponsor agrees that FMV/CSEC archives all evidence provided, as well as FMV/CSEC’s internal files, based on the scheme regulation for archiving.

The Sponsor agrees to all responsibilities defined in the Scheme, see SP-002 *Evaluation and Certification*.
